CORE WIRELESS LICENSING S.A.R.L'S THIRD AMENDED COMPLAINT
FOR PATENT INFRINGEMENT

TO THE HONORABLE JUDGE OF SAID COURT:

Plaintiff, Core Wireless Licensing S.a.r.l. ("Core Wireless"), for its Third Amended

Complaint against Defendant, Apple, Inc. ("Apple") alleges:

THE PARTIES

1.   Plaintiff, Core Wireless, is a corporation duly organized and existing under the

laws of the Grand Duchy of Luxembourg, having a principal place of business at 16, Avenue

Pasteur L-2310 Luxembourg. Core Wireless has a regular and established place of business and

does business relating to the patents-in-suit in connection with its wholly-owned subsidiary, Core

Wireless Licensing Ltd. ("Core Wireless USA"), a corporation duly organized and existing under

the laws of the State of Texas, having a principal place of business at 5700 Granite Parkway,

Suite 960, Plano, TX 75024, which is within the Eastern District of Texas. All pertinent

documents and discovery relevant to this matter either reside at Core Wireless USA's local

address or will be produced at such address.

2.   Defendant, Apple, is a corporation duly organized and existing under the laws of

the State of California, having a principal place of business at 1 Infinite Loop, Cupertino, CA

95014. Apple's registered agent, registered with the Texas State Secretary of State's Office, is

CT Corp. Systems at 350 N. St. Paul Street, Suite 2900, Dallas, TX 75201.

JURISDICTION

3.   This is an action arising under the patent laws of the United States. Accordingly

this Court has subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331 and 1338(a).

4.   This Court has personal jurisdiction over Apple because Apple has established

minimum contacts with the Eastern District of Texas. Apple manufactures (directly or indirectly

through third party manufacturers) and/or assembles products that are and have been used,

offered for sale, sold, and purchased in the Eastern District of Texas. Apple, directly and/or

through its distribution network, places wireless communication devices within the stream of commerce, which stream is directed at this district, with the knowledge and/or understanding that such products will be sold in the State of Texas. Jurisdiction over Apple in this matter is also proper inasmuch as Apple has voluntarily submitted itself to the jurisdiction of the courts commencing litigations within the State of Texas and by registering with the Texas Secretary of State, a registered agent. Therefore, the exercise of jurisdiction over Apple is appropriate under the applicable jurisdictional statutes and would not offend traditional notions of fair play and substantial justice.

VENUE

5.   Venue is proper in this judicial district pursuant to 28 U.S.C. §§1391(b), (c), (d) and 1400(b) because Apple has committed, and continues to commit, acts of infringement, including providing electronic products that are used, offered for sale, sold, and have been purchased in the State of Texas, including the Eastern District of Texas.
